Kirker's Matte Urethane Clearcoat is a premium-quality acrylic urethane system that dries to an even, smooth matte finish, making it an ideal choice for custom refinish and other applications where a reduced sheen is required. This easy-to-use material flows and levels nicely, featuring superior clarity and minimal color distortion.

Kirker's Matte Urethane Clearcoat provides superior protection against weathering, chemicals and the sun's harmful UV rays. EC325 also features exceptional flexibility with superior scratch, chip and mar resistance.

May be used over BLACK DIAMOND Low-VOC Urethane Basecoats, ULTRA-GLO single-stage urethanes and existing finishes, or blended with full-gloss clearcoat products in different ratios for a variety of finishes ranging from matte to high semi-gloss. Mixes 4:1 with 0065 / 0075 / 0085 Activators.
